SURGE365 INCOME DISCLOSURE

The Surge365 Compensation Plan is an exciting opportunity that rewards you for providing access to an incredible inventory of travel opportunities and for referring other participants who do the same. Although the opportunity is unlimited, individual results will vary depending on commitment levels and sales skills of each participant.

Since Surge365 has recently launched, it lacks enough statistical data to prepare reliable income disclosures. The numbers below reflect estimates prepared by the company pending a more detailed survey to be conducted after its first year. Based on industry standards and company projections, the average annual gross income for participants is projected to be anywhere between \$500 and \$2,000. These numbers do not account for costs incurred while building a Surge365 business. There will certainly be participants who will earn less while others will earn much more. We're excited about the Surge365 Compensation Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals.

If income projections were presented to you prior to your official participation, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Compensation Plan. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with Surge365 results only from hard work, dedication, and leadership.
